REMARKS

Applicant encloses copies of 4 pages of claims from the previous amendment filed November 30, 2005. As apparent from the notation at the bottom of the pages, they were downloaded from the image file wrapper in Private PAIR system, as maintained by the USPTO. It is further apparent that all claims have proper status identifiers, as required by 37 CFR 1.121, in contrast to the Examiner's assertion in the Notice.

The Examiner is respectfully requested to reconsider and withdraw the Notice of Non-Compliant Amendment as erroneously issued.

An earnest effort has been made to be fully responsive to the Examiner's correspondence and advance the prosecution of this case. In view of the amendments and remarks of November 30, 2005, it is believed that the present application is in condition for allowance, and an early notice thereof is earnestly solicited. However, if for any reason this application is not considered to be in condition for allowance, the Examiner is respectfully requested to call the undersigned attorney at the number listed below prior to issuing a further Action.

Please charge any additional fees associated with this application to Deposit Account No. 14-1270.

Respectfully submitted,
